

Join us on Sunday evenings at the  
West Hanover Fire Company  
for our

## Intermediate Line Dance Mini-Workshops

Brand new for 2010 we are introducing our brand new mini line dance workshops being held every Sunday evening starting at 7:00 pm.

Come out and learn some of the hottest dances, you won't want to miss.

Every Sunday night we will be teaching and learning several new dances you have never learned before. These workshops are geared towards the intermediate dancer and are not specifically designed for those who have never line danced before. During the evening, you will have the opportunity to review dances and practice.

Dances are challenging and fun and we are sure that you will enjoy learning these dances to some of today's hottest music tracks.

If you have been unable to attend the different dance events, we are bringing the best dances straight to you.

If you have any questions, please don't hesitate to contact me at [cwdance@localnet.com](mailto:cwdance@localnet.com). I look forward to seeing you out on the dance floor.

### **Directions from 81 South to West Hanover Fire Company**

Take 81 South to Linglestown exit. Keep right onto Blue Ridge Avenue and go straight to go onto Piketown Road. Make a right onto Linglestown Road/PA-39. Turn left onto Walnut Avenue and the fire company is just ahead on the left.
